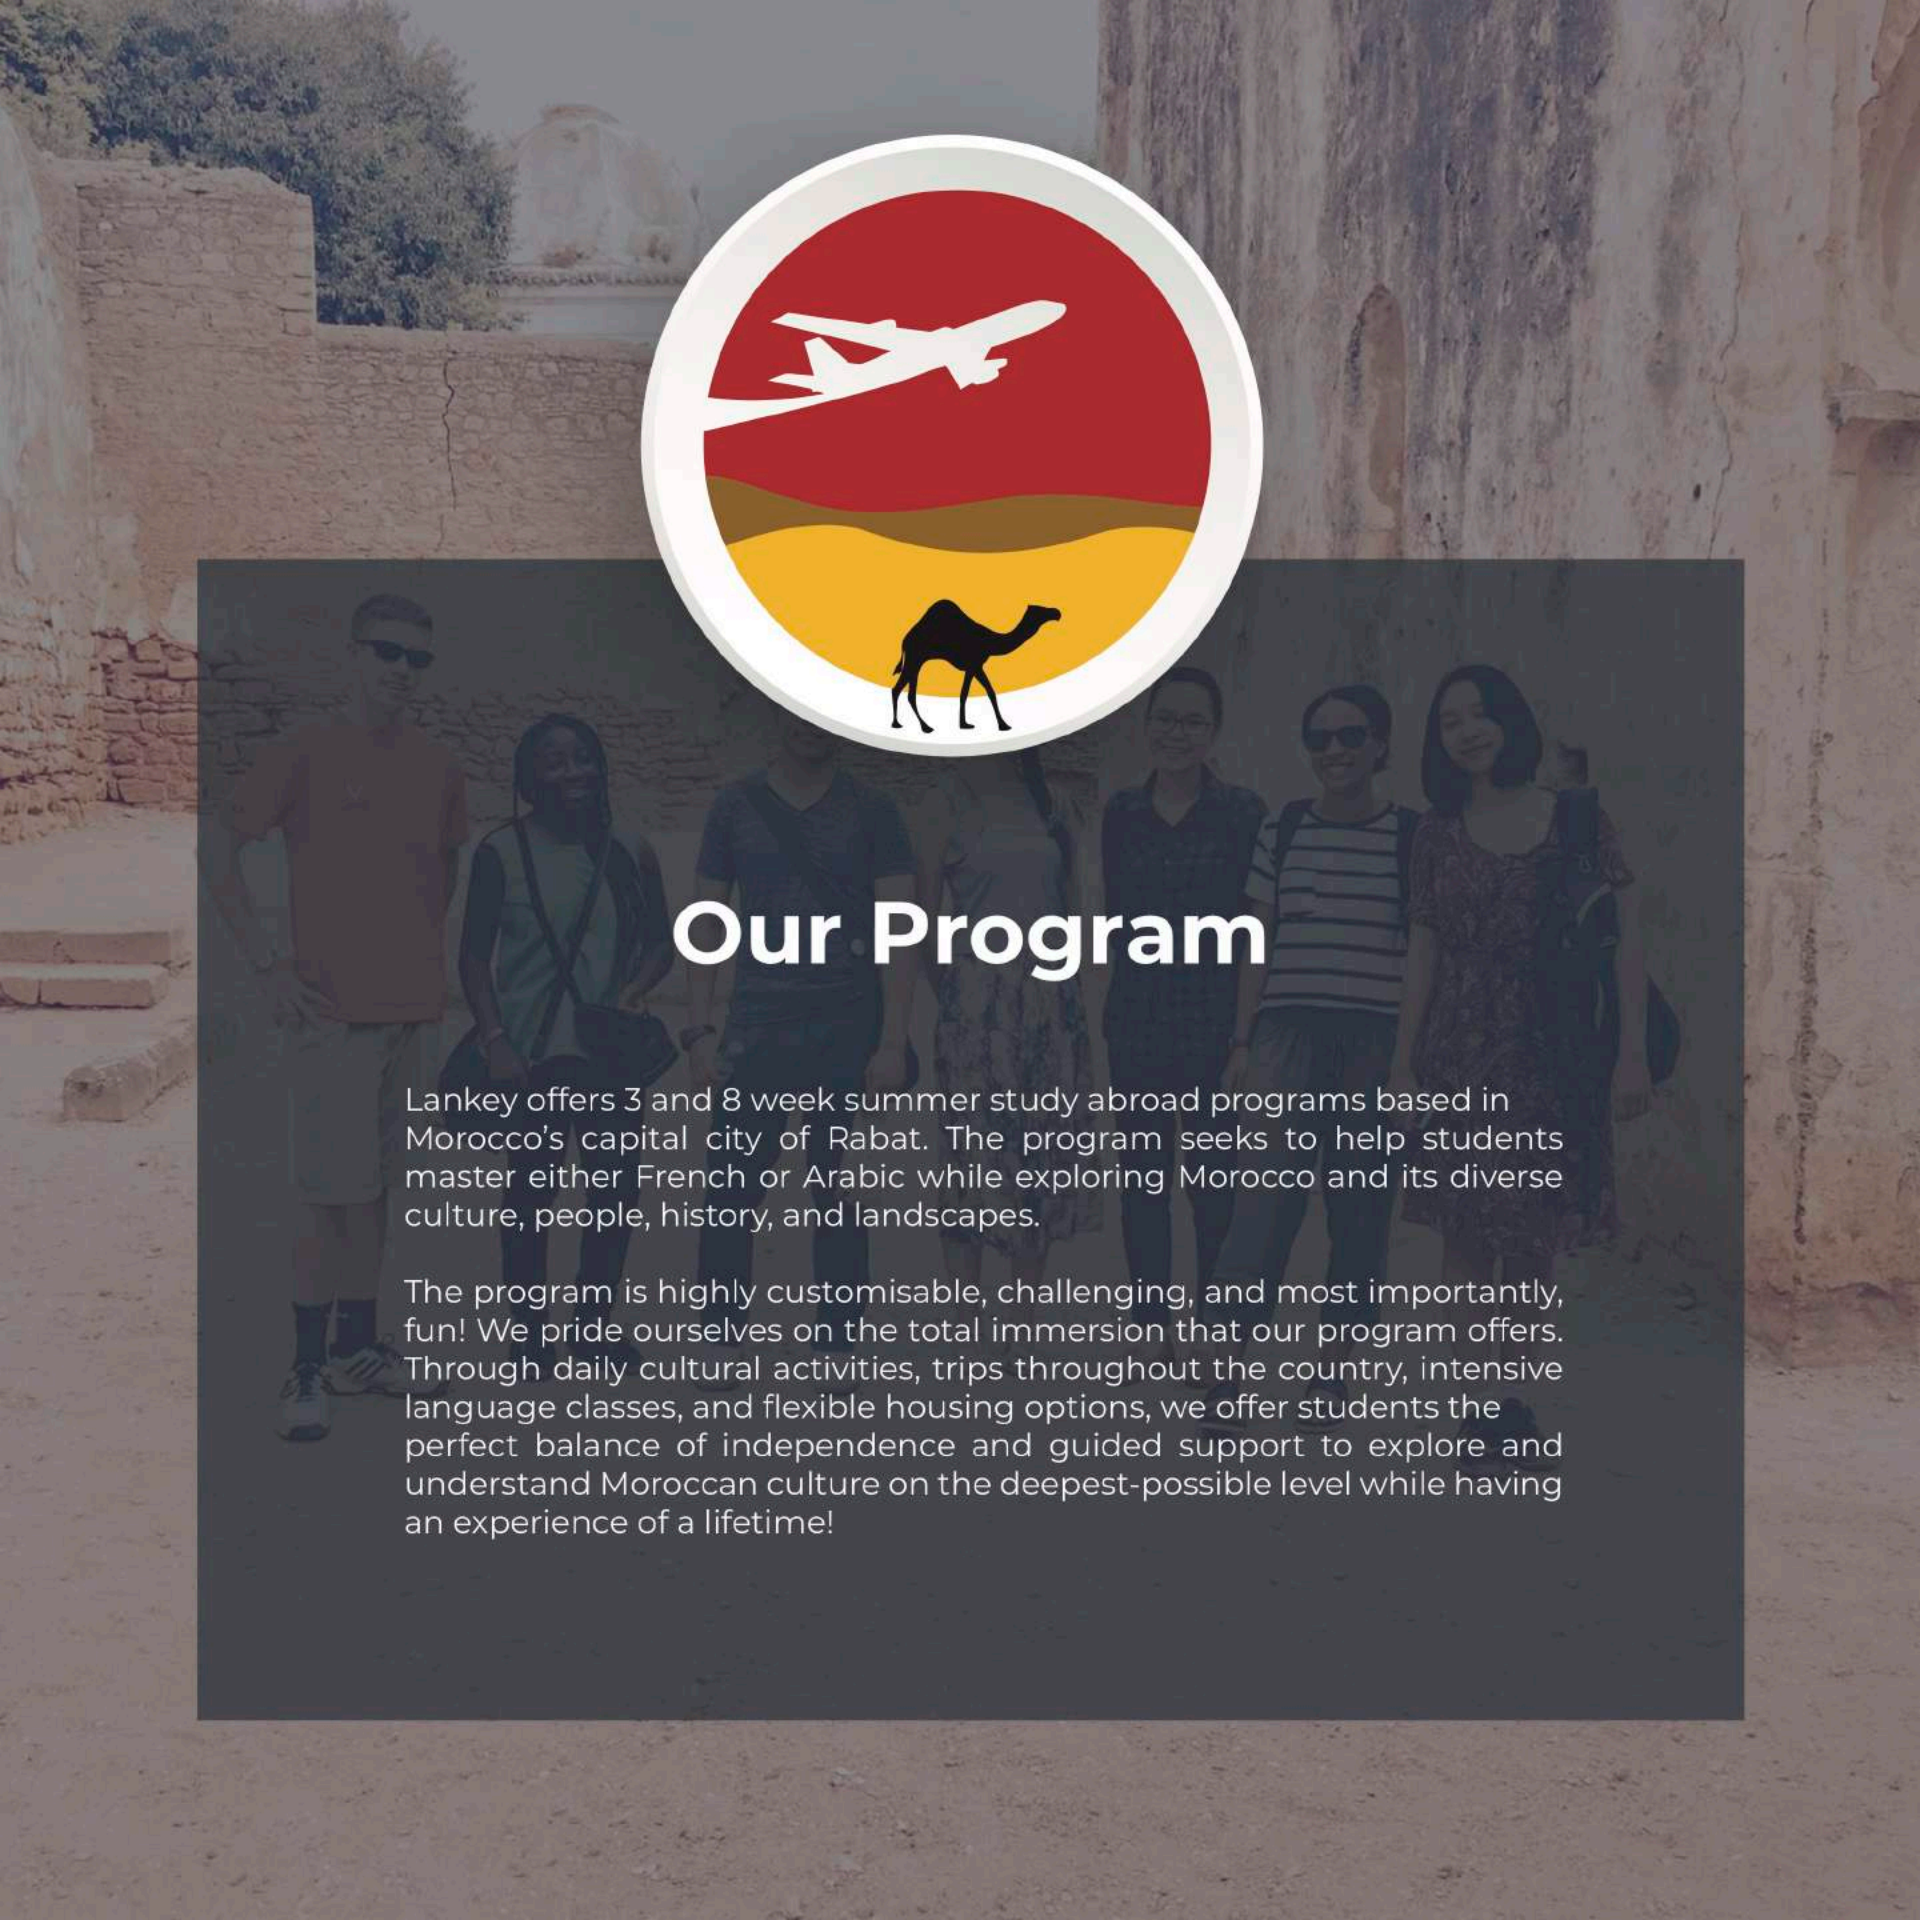
SUMMER 2019 PROGRAM



Our Program

Lankey offers 3 and 8 week summer study abroad programs based in Morocco's capital city of Rabat. The program seeks to help students master either French or Arabic while exploring Morocco and its diverse culture, people, history, and landscapes.

The program is highly customisable, challenging, and most importantly, fun! We pride ourselves on the total immersion that our program offers. Through daily cultural activities, trips throughout the country, intensive language classes, and flexible housing options, we offer students the perfect balance of independence and guided support to explore and understand Moroccan culture on the deepest-possible level while having an experience of a lifetime!

At the core of the Lankey mission is our language immersion. Through a mix of intensive classes taught by university professors and hands-on cultural and linguistic immersion, our students are able to greatly improve their academic and conversational grasp of their target language while gaining a comprehensive understanding of Moroccan culture.

Language Options

French Program

Our program recognises this diversity of the Francophone world through immersion in the rich history, traditions, and culture of North Africa. Our program equips students with unique linguistic and cultural experience that sets them apart from other French learners and prepares them to face the challenges of the increasingly globalised world.

Arabic Program

Lankey students practice both formal and colloquial Arabic. Whether deepening their understanding of religious, social, and political issues in the Arab world or practicing their spoken Arabic, participants gain hands-on language experience with a deepened appreciation of the language and it's globally prevalent ethnolinguistic impact.

Dual Program

This is a perfect option for students looking to improve their fluency in a previously-studied language while gaining intensive immersion in a new language. Students are able to customise the emphasis placed on each respective language in order to meet their own linguistic goals and to create the most challenging and beneficial program possible.

HOUSING

One of the things that sets our program apart is the flexibility given to students. We understand that every student has different goals and expectations for the summer, and all aspects of our program reflect this, including our housing options.

Lankey understands that immersion does occur only in the classroom or through activities. In order to best facilitate out-of-classroom immersion, You can choose to stay with a carefully-screened host family or with other Lankey participants in a fully-furnished apartment.

In the home-stay option, you will have the opportunity to experience everyday family life in a Moroccan home while practicing your target language with native speakers. Many of our alumni rank their host families as one of the best parts of their experience!

All Inclusive
Host Family Stay

In the apartment option, you will be able to live with and practice your language skills with other Lankey participants. This option includes a full meal plan , and you will have the freedom to explore the city and all that it has to offer.

All Inclusive
Downtown Apartment

The self-catering apartment option allows you to live in the immersive Lankey environment while preparing your own meals. This option is great for those who enjoy exploring new restaurants in the city or cooking for themselves.

No Meal Plan
Downtown Apartment

With structured activities every other afternoon and weekend trips to neighboring cities, we seek to provide our participants with the perfect balance of freedom to explore the city, constructive cultural immersion, and regional exploration of the diverse geography and tradition of Morocco.

As with all aspects of the Lankey program, activities are flexible and can easily be adjusted to suit individual and group interests.

Excursions:

- Traditional Hammam
- Cooking classes
- Horseback rides on the beach
- 5 city Sahara tour
- Visits to rural Berber villages
- Trips to Chefchaouen (the blue city), Fes, Casablanca, Marrakesh
- Visits to archeological sites
- Guided medina tours
- And much, much more!

"In Morocco, I was able to have an amazing experience getting to know the culture of the country and learning Arabic through Lankey. Lankey's dedication to providing the best experience made my time in Morocco so full, as I came to love Casablanca, Rabat, Marrakech, and the desert. I can't wait to go back!"

Madison Trice, Harvard University

"An absolutely life changing journey that led me explore Morocco on an intimate level that was incomparable to anything else that I've ever done. From exploring the dusty-red city of Marrakesh to sleeping under the Milky Way in the warm sands of the Sahara, I can honestly say that I have never learned more from such a unique culture and traveling experience."

W.P. Andrew, Middlebury College
